

**REMARKS**

Reconsideration and further examination of the application, as amended, are requested. All objections and rejections are respectfully traversed.

Claims 1-25 of this continuation application currently stand rejected for obviousness-type double patenting, based upon the parent application, now U.S. Pat. No. 6,629,257. In response to the rejection, Applicant submits a Terminal Disclaimer. Accordingly, Applicant requests that the rejection be withdrawn.

Applicant has amended claims 8, 19 and 25 to correct several minor, typographical errors that have been discovered. No new matter is being introduced.

Applicant submits together with this response an Information Disclosure Statement for the Examiner's consideration.

It is believed that no extensions of time or fees are required, beyond those that may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 C.F.R. §1.136(a), and any fees required (including fees for net addition of claims) are hereby authorized to be charged to Hewlett-Packard Development Company's deposit account no. 08-2025.
